

ASQUITH HOPEFUL VOLUNTARY SYSTEM WILL SUCCEED

London, Nov. 16.—Premier Asquith is still hopeful that the voluntary system of recruiting in the United Kingdom will succeed. The Premier stated in the house of commons this afternoon it was his hope and belief that coercive measures would not be resorted to. "It is unifying," said Admiral Lord Fisher, former first sea lord of the admiralty, in the house of lords this afternoon, "to make personal explanations affecting national interests when the country is in the midst of a great war."

Lord Fisher made this statement in reply to criticisms by Winston Spencer Churchill, who was first lord of the admiralty when the naval attack on the Dardanelles was made in a speech in the house of commons yesterday, following his retirement from the cabinet.

Mr. Churchill, in his speech, complained that he had not received from the first sea lord, in connection with the Dardanelles affair, the clear guidance before the event or the firm support after it, to which he considered himself entitled.

Fighting In Trenches, Aged King Peter Of Serbia Seeks Death

Saloniki, Nov. 14 (via Paris, Nov. 16).—Old Serbia is lost and new Serbia is in a precarious condition, in the opinion of M. Jancowich, secretary of the Russian legation in Greece. M. Jancowich arrived here today from Mitrovitz, western Serbia, having come by way of Albania.

The secretary asserted the Serbians at Babuna Pass could not hold out much longer, and that the only hope was that the Serbian force concentrated at Mitrovitz would prove to be strong enough to take the offensive and advance through Tetovo towards Monastir. He said he feared the legation staffs which were preparing to leave Mitrovitz for Monastir some time ago would find that the Bulgarians had occupied Monastir.

"The morale of the Serbians is splendid," he continued. "Half trained recruits march to battle singing like veterans. Their aged King Peter is fighting in the trenches, clad in the uniform of a private. He seeks death, saying:

"When I am killed you can flee or surrender."

"Famine and misery prevail. There is no bread at Mitrovitz. The people are reduced to eating larders."

Berlin, Nov. 16 (wireless to Sayville).—More than 1,000 additional Serbian troops were captured yesterday, the war office announced today.

London, Nov. 16.—The Greek government is reported to have modified its position somewhat in favor of the entente allies.

SUPREME COURT REFUSES TO PASS ON THE RIGHT OF TEACHERS TO JOIN UNION

Columbus, O., Nov. 16.—The supreme court today decided it will not pass on the question of whether boards of education may forbid teachers to belong to a union.

The court by its action virtually frees Supt. J. M. H. Frederick of the Cleveland public schools from charges of contempt of court in discharging six teachers, officers of the grade teachers' club of Cleveland.

Cleveland school teachers thus lost their fight for reinstatement of six officers of their union who had been discharged by Superintendent J. M. H. Frederick on order of the board of education for their activity in organizing the union. The court of appeal's decision held Frederick was justified in his action and the supreme court's action allows it to stand.

"GLASS, HANDLE WITH CARE" WARNING COVERS LIQUOR SHIPMENTS

Columbus, Nov. 16.—An express company which accepts a shipment of liquor is the agent of the purchaser and not of the liquor dealer, the supreme court decided today. Consequently the liquor company which labels a shipment of whiskey only "glass, handle with care" does not violate the law forbidding shipment of liquor falsely labelled into dry territory.

Morgan Interests Buy White Motor Company

Cleveland, Nov. 16.—Control of the White company of this city, one of the largest manufacturers of automobiles and motor trucks in the world has practically passed into the hands of J. P. Morgan and company, of New York, fiscal agents for the entente allies, the newspapers admitted today.

NEW HYDROPLANE "GLIDER" PROMISES TO REVOLUTIONIZE INLAND WATER TRAFFIC

The Yolanda II and her inventor, Gonzalo Mejia.

One of the queerest objects to be dubbed a boat is the Yolanda II, a low-lying rakish craft, which promises to bring about as important a change in inland water traffic as Robert Fulton's Clermont did in 1807, when, to the surprise of the old boatmen, she made her way up the Hudson river without sails. The boat, which is a development of the hydroplane idea, is the invention of Gonzalo Mejia, a Columbian banker, who has the contract to carry mails for the Columbian government up the Magdalena river, Columbia.

When not in motion the Yolanda II draws five inches of water, but as soon as the big retractors which hold the big propeller blades around the boat glide over the surface with an inch or less of draught, at a maximum speed of 50 miles an hour.

UNSKILLED LABORERS UNDER CIVIL SERVICE

Columbus, Nov. 16.—Unskilled laborers employed on public roads by county commissioners are subject to competitive civil service regulations, but they may be exempted in any particular case by the state civil service commission. Attorney General Turner declared today in an opinion to Prosecutor Earl K. Soether, of Wood county.

PRESIDENT WORKING ON MESSAGE

Washington, Nov. 16.—President Wilson plans to work all this week on his message to congress and expects to have it finished by Thanksgiving Day. He discussed some features of it today with the cabinet.

National defense will be the principal subject treated in the message which also is expected to take up recommendations for raising additional revenue. Conservation measures which failed of passage at the last session of congress and the Philippines will be endorsed again. At today's cabinet meeting each department head submitted his views on what important matters should be urged upon congress at the coming session and there was a general discussion of what the president's message should contain. The president will begin immediately to write this message, doing the work himself on his typewriter.

Because revenue raising legislation must originate in the house the president will confer further with house leaders before finally deciding on his recommendations as to how the additional revenue needed for the defense plans should be raised.

Attorney General Gregory, after the cabinet meeting revealed that he is considering recommending amendments to the Sherman Anti-Trust law, so that the federal government can better proceed in alleged plots to blow up munitions factories and vessels. He said at present it was difficult to find laws covering the cases already investigated but the various states had laws which covered most of the alleged plots, and the department of justice was anxious to co-operate with state officials.

CALL ON NATIONAL BANKS

Washington, D. C., Nov. 16.—The comptroller of the currency today issued a call to all National banks requiring them to report to him their condition at the close of business on Wednesday, Nov. 10.

Tokio, Nov. 16.—So far as can be ascertained, no information has been received in official circles here about recent dispatches from America reporting revolutionary troubles in India. Advice to the American embassy from Calcutta and to Japanese officials from consuls in India give no indications of such disturbances.

AMERICANS FORCED TO WALK NAKED ACROSS DESERT; PARCHED THROATS TAUNTED WITH FILLED CANTEENS AND REVOLVER THRUSTS; JOURNEY'S END BROUGHT ONLY ROBBERY AND DEATH TO TORTURED GROUP

El Paso, Texas, Nov. 16.—Details of the murder of Joseph W. Tays, near San Blas, Sinaloa, Mexico, are contained in a letter received today by J. W. Tays, of this city, from his brother, E. H. Tays, father of the murdered man.

According to the letter, dated September 29, Tays set out for Los Mochis, 25 miles away, on September 5, in company with four companions, and three Indian teamsters. They were met by five hundred Indians of the Villa faction and made prisoners.

American citizenship, they were forced to march naked and about five miles across the desert to the camp of Bachomo, Indian bandit chieftain. Tays and his companions begged for water and their entreaties only brought forth thrusts of revolvers in their sides. All the while the Indians dangled full canteens before their famished captives. On arriving at the camp of the Indian leader the American and his companions were robbed of \$900.

Then they were lined up and shot. The Indian teamsters fled, but one was killed in trying to make his escape. The father, accompanied by seven armed Americans visited the scene of the tragedy next day, but was unable to recover the body of his son. Two days later, Bachomo sent word to Tays that he would kill him, too, if he persisted in searching for his son's body. Tays wrote his brother that he had notified Carranza authorities through the American consul at Mazatlan, but so far the bandits had escaped punishment.

Washington, D. C., Nov. 16.—The state department today cabled Ambassador Penfield at Vienna to request from the Austro-Hungarian government complete details of the sinking of the Italian steamer Ancona.

Washington, Nov. 16.—State department officials were still without the official information they seek to determine the attitude of the United States toward the sinking of the Ancona by a submarine. Efforts to get information from the consuls and embassies abroad were extended. The department has many reports of rumors cabled by consuls but they will not be given out for publication.

Washington, D. C., Nov. 16.—The American government will await the receipt of the Austrian government's statements of facts concerning the sinking of the Italian liner Ancona before considering whether any rights of Americans have been violated. These facts probably would be sought through Ambassador Penfield.

No Coal For The Southern Market, Needed At Home

Pittsburgh, Pa., Nov. 16.—For the first time in many years a shipping stage has appeared in the Ohio river and no coal has been sent to southern markets. At the general offices of the Monongahela River Consolidated Coal and Coke company, the principal shipping interest, it was said that operations in the mills of the Pittsburgh district were so heavy that the coal mined in river mines was being used at home. It was thought that a few small towns might be started south tomorrow, but even this was uncertain.

GOVERNMENT IGNORES PLOTTER

New York, Nov. 16.—When the case of the five men indicted here in the alleged German bomb conspiracy was called in the federal district court today, demurrers were entered in behalf of the defendants, Robert Fay and Walter Scholz. The demurrers alleged that the indictment against these men is insufficient and does not

Cleveland, O., Nov. 16.—Louis Loebt, a native Hungarian, serving as city immigration officer, today charged activity by the Austro-Hungarian embassy at Washington in the strike in machinery at the Theodore Kuntz factory here. The Kuntz plant has been manufacturing bodies for automobiles to fill war orders for the entente allies and has been tied up several weeks by strike.

Loebt's charges came in connection with his defense before Mayor Newton D. Baker of informal charges that he had been unduly active in his connection with the strike. He told the mayor that one of the chief advisors of the strikers, whom he was convinced was in the pay of the Austro-Hungarian government had offered, in his hearing, to "sell out" the strikers for \$6,000. He told the mayor he became suspicious that this advisor was disloyal to the Austro-Hungarian embassy at Washington and desired to "test him out" to see if he would sell out to the other side.

Loebt offered in proof of his charges a photograph record taken by private detectives in adjoining rooms in a local hotel when the \$6,000 bribe was alleged to have been solicited, October 31.

A majority of the Kuntz strikers are Austro-Hungarians.

OBREGON IN CHARGE IN SONORA

Nogales, Ariz., Nov. 16.—General Alvaro Obregon, in charge of the Carranza campaign against Villa in Sonora, has taken personal command of troops preparing to attack Cananea, according to reports reaching here. Villa, it is stated, has looted every store in Cananea and Magdalena, taking everything of value.

DON'T WORRY ABOUT THE WEATHER IT'LL KEEP

Some weather this, eh? And the beauty part of it is it's likely to keep up a while too. It's about come to the conclusion not to go in very strong on that Squaw Winter stuff this year—just a day or so at a time for a while and then glide into Indian Summer. When I do that you'll wake up, what it means is have an up to date weather man around to run things. Here's for tomorrow:

Ohio—Partly cloudy tonight and Wednesday; probably snow flurries along Lake Erie; warmer Wednesday.

Kentucky—Fair and warmer tonight and Wednesday.

West Virginia—Fair and warmer tonight and Wednesday.

Salvation Army Appeal

The local Salvation Army has done splendid work in the city since last April. Over 400 garments have been given away including children's, women's and men's shoes. Grocery bills amounting to \$10 and coal bills amounting to \$5 have been paid.

The Salvation Army is not very well fixed financially to give away a number of baskets this Thanksgiving but a few baskets will be sent out to the poor. Captain E. Robinson would gladly appreciate all fruit and vegetables that are donated for Thanksgiving baskets. Another

appeal is made for clothing. Several call at the Army headquarters every day for clothing but on account of the small supply have to be refused.

Anyone desiring to help should call Captain E. Robinson at telephone 1039 or at 1028 Chillicothe street.

Vienna Camp To Nominate Officers

New officers for 1916 will be nominated by Vienna Camp, Sons of Veterans, at their meeting this (Tuesday) evening. The plan is the commandship of the Camp and among those mentioned for this office are Deputy County Treasurer Gilbert F. Dodds, Chas.

C. Bennett, David P. Scott, Oscar Trimmer and Henry Widdbrook. The Camp has never followed the promotion plan, and the race is open to all members of Camp in good standing. The competition for the other offices will also be spirited.

MOONSHINER WAR IN WEST VIRGINIA

Charleston, W. Va., Nov. 16.—William Osborn, United States marshal for the southern district of West Virginia, who recently raided two illicit stills in Mercer county, has secured permission of the department of justice to add to his force of deputies in order that he may meet the war the moonshiners of the mountains have declared against him. Men

believed to have furnished information to the federal authorities have suffered the loss of property, their horses have been shot and fences burned in retaliation. Two alleged moonshiners have been bound over to the federal grand jury now in session here. Marshal Osborn and his men are searching the southern part of the state for others who are alleged to be making liquor illicitly.

Try The Great Kidney Remedy

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praises of Dr. Kitcher's Swamp-Root.

For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally, I tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,

Saving money is wisdom applied to practice—the cautious move that prevents poverty and dissipates fear as old people creep on. And women—keen of perception—accept the savings habit as a self imposed task. That perhaps is why so many of our regular depositors are women—wise women—drawing 4 per cent interest per annum on their safely saved funds.

Rioting On Docks

New York, Nov. 16.—Passengers who arrived here on the Cunard liner Saxonia today reported that considerable rioting occurred at the Liverpool docks when 123 men who had booked passage in the second cabin and more than 700 other men, chiefly Irishmen of military age, were refused passage after the liner's crew had threatened to strike if any British citizen of military age was allowed to sail. Officers of the ship said there were a number of Englishmen and Welshmen in the crowd.

CONTINUE TO INVESTIGATE

Washington, Nov. 16.—Naval officials today disclaimed any connection between the arrival of the battleship Kentucky at Progresso and the forcible searching of the American steamer Zealandia at that port by an armed party from a British cruiser. The investigation to determine whether the Zealandia was within the three mile limit is under way. British officials contend she was not.

TERMINALS WORKER IS PAINFULLY INJURED

Charles Cronin, of 1722 Seventh street, a repair workman at the N. & W. terminals, suffered a compound fracture of his right jaw about five o'clock Monday afternoon, when a large iron jack slipped out from under an engine, one end striking him on the jaw.

Cronin was hurled with terrific force some distance away, turning three somersaults and alighting on his feet, according to his fellow workmen, who witnessed the accident.

He was placed aboard a west bound street car, while arrangements were made over telephone to have a physician meet him at Eleventh and Hutchins streets. When he arrived there, the physician was not in sight and he walked to his home in Seventeenth street, unassisted.

Two physicians were immediately summoned by his wife, and the injured man was removed to Hampstead hospital upon their arrival, where the fractures were reduced.

Cronin was reported as considerably improved today, although he will be unable to return to work for several weeks.

WANT TO GET 6 FOOT STRIP

Jackson & Veneer and other East Portsmouth citizens, are asking the city to have a place prepared of the 6 foot strip along the north side of Walnut street and donate it to the slanting property owners.

The space could well be used for sidewalk purposes. The mayor has recommended to them that they present the matter to the chairman of the council street committee and have him and his committee make a report to council as a whole. If the report favors the donation and council concurs in the report the department of public service will be directed to have the plat prepared and the solicitor then can bring in an ordinance towards vacating the strip.

How small and weak are words in their attempt to describe a great motion picture play, is forcefully illustrated in the effort to paint an adequate word picture of "The Chalice of Courage," which will be the big offering at the Columbia tomorrow.

Everything you can imagine of sublime severity, of wonderful photographic depth, of vast, glorious, infinite beauty, may be applied to the scenic element in this Blue-Ribbon production.

All that you may conceive of passionate, human longing, of great self-sacrifice, and of all things close and dear, will shrink to infinitesimal proportions when you view this awe inspiring, most intense of picture play productions.

As a story "The Chalice of Courage" is different. The action is intense and there is a heart throb in every reel. Instead of a story with the usual long, drawn out introduction, the first reel opens with a smash which many producers would have written a complete feature around.

Imagine, if you will, a precipice over one thousand feet high (not a stage precipice, but one from God's wonderful, great Sierras). Working their way along a burro trail can be seen in the distance John Newbold and his newly acquired wife. A crash, a slipping of earth and before your very eyes you see Newbold's wife plunge one thousand feet below. Horse, rider and all fall to destruction.

And the second reel—turn and weakened by his wearisome climb down the canyon side, Newbold reaches the prostrate form of his wife. Bleeding and mutilated, she begs him to take her life—to end her misery. She calls on his highest love to end her suffering, to kill her, and he succumbs.

And the third and the fourth reels, and the fifth reel with the blizzards, the blinding snowstorms and the lovers' battle in the mad torrents, the great rescue and finally love; not a puppet love nor a love for greed, but the eternal love of a great, strong man.

Cyrus Townsend Brady, student of human nature, lover of mankind and accustomed to playing on the heart strings of the emotions, wrote "The Chalice of Courage." It is a story which will be remembered long and fondly as one of the best works he has ever done.

You simply can't afford to miss this great picture at the Columbia tomorrow. The first afternoon show will start promptly at 1:30, then at 3:00 and 4:30, and the price of admission will be 10 cents to all.

The first evening show will begin promptly at 6:30, then at 8:00 and 9:30 and the evening prices will be adults 20 cents and children under 12 for 10 cents.

"The Island of Regeneration" At The Lyric Tonight

Tonight will be your last chance to see that wonderful Vitaphone production of Rev. Cyrus Townsend Brady's famous novel "The Island of Regeneration" a picture that has made an unprecedented hit all over the country. Ask anybody who saw it when it was here before and they will tell you how good it is. The admission will be ten cents for adults and five for children. Shows at 6:30, 8:00 and 9:30.

Robert Warwick in "The Stolen Voice" an excellent five reel Vitaphone production is the good show at the Lyric tomorrow. Robert Warwick is stepping lively to the front as one of the most popular men in moving pictures, and his good looks, his fine carriage, his wonderful talent in a story like "The Silent Voice" will win him another million friends. Don't overlook this splendid romantic drama tomorrow.

The big hit of the week comes Thursday, Olga Petrova in "The Vampire," one of the most absorbing pictures shown in a long time. The picture is a genuine masterpiece, the acting of Mme. Petrova is superb, the story is not repulsive, but a high class, clean dramatic offering that will fascinate you from start to finish. The admission will be 10 cents for adults and 5 cents for children, afternoon and evening.

Elsie Janis in her own clever romantic love affair "Twice Ever Thine" comes Friday and it is one of the breeziest romances you ever saw. With her in the cast are popular Tom Moore and Myrtle Stedham. You will surely enjoy "Twice Ever Thine."

The extra attraction for Saturday is the big Griffith star, Harry Carey, in a powerful offering, "Just Jim," in five parts. A big, rip-roaring production of H. H. Van Loan's romantic drama.

"The Explorer," A Paramount Story of African Life, Columbia Tonight

"The Explorer," in which Lou Tellegen, the international romantic star, who at the age of twenty was leading man for Mme. Sarah Bernhardt, makes his debut as a photoplay star of the Jesse L. Lasky Feature Play company, is a picture of the famous play of that name by William Somerset Maugham, the noted English dramatist.

Lou Tellegen is here given a role which permits an elaboration of the particular romantic acting qualities for which he has won great fame. He appears as a young English explorer who leads a party into the wilds of Africa for his government. In the group is a young girl-do-well, George Albertson, who has disgraced himself at home. He is a brother of Lucy Allerton, whom the explorer loves.

In the African wilds young Albertson incurs the wrath of a native tribe by reason of his brutal conduct. The lives of the members of the exploration party are at stake, when the young man, realizing atonement can come only through self sacrifice, permits the explorer and others to escape

while he is killed. Subsequent misunderstandings after the return to England are eventually cleared, and the explorer and Lucy are reconciled.

"The Explorer" has been presented throughout Europe and America.

"Red Stephano" At The Exhibit "Red Stephano," the terror of the Argentine plains, determines to intimidate Jack Schneider, the new owner of the Rancho Verde. He steals some of the finest horses, killing a herder while doing so. Schneider is furious, and gathering some of the neighboring ranchers, and after an exciting chase, captures him. They decide that shooting is too good for Stephano, so they have his hand and feet tied to a horse and turned loose in the wilderness.

Schneider's wife and two children start to join him at the ranch and are attacked by renegade Indians. She is absolutely fearless, knows how to shoot and drives them off and meets Stephano. She carries the suffering man back to her camp and revives him and in his rude way expresses his gratitude. Afterwards the Indians renew their attack and by his assistance they hold the Indians at bay until the arrival of her husband. Red receives a mortal wound during the fight and dies as Schneider reaches the scene.

"The Midnight Limited," featuring Helen Holmes, and a Lubin comedy, "A Day On the Force," fill an exceptional good bill for today. Here you find excitement of all kinds, as well as many thrilling scenes. As it is cool and unpleasant on the streets, spend a nickel here, and be warm and comfortable.

"The Tenor" At Arcana Antonio and Paula Sartori are left orphans by the death of their mother. Paula is adopted by a rich American woman, while Antonio is adopted by the chief of a wandering band of musicians. Antonio and Marianna, the chief's daughter, grow up together. Years pass, Paula has become a well-known singer. He meets Genevieve Palmer, an heiress, and marries her. Antonio has become a famous singer and he and Marianna are such a success that they are called to America. His foster father has died some years before, and on his deathbed gives to him a letter from the American woman telling of the adoption of Paula and where he can be found.

Paula has a large practice, and in order to keep up his energy uses morphine. His wife finds it out and at one of the cafes where she meets his brother, who falls in love with her. The two brothers meet and Antonio takes Paula to see the woman he loves. Genevieve has brought her husband with him until he starts to upbraid her. The same is too strong for his weakened heart and he falls dead. Later Antonio and Marianna marry.

"The Golden Wedding" completes the program for today, a program that will suit you in every respect. Remember the price is always the same, five cents, which gives you an hour of pleasure.

liam Fox, one that is sure to please patrons of the Temple theatre on Eleventh street, will be shown in this popular house tonight. Theda Bara, a universal favorite, is featured in the photoplay of unusual excellence and she is ably supported by a well balanced cast.

The greatest and most widely observed of Italian religious festivals the celebration of the feast of Our Lady of Carmel, is faithfully pictured in all its interesting and colorful details in the William Fox production of "Sin." The seething crowds, the gaily decorated stalls, each displaying wax emblems for the votaries of the feast to offer in gratitude for cures, the flags and the blazing lights of a score of colors are all seen in this wonderful picture. It is like a leaf torn from one of the most interesting side of New York's kaleidoscopic life.

Don't fail to see this wonderful Fox production at the Temple tonight.

Big Feature Tonight At The Majestic Theatre

Tonight will be feature night at the Majestic Theatre, Second street. First will be a two reel Rodeo drama, entitled, "A Leap for Life," a thrilling story of Western life, and a play that is full of climaxes. It is a strong drama and one that you should see by all means. This will be followed by a Mutual Weekly, "The West," "Harry Thaw Freed," "Latest War Pictures," etc., etc., and is highly educational and instructive. A hilarious comedy, entitled, "Green Apples," featuring Vera Gerber and Webster Campbell, will bring the day feature program to a close. Be sure and see this big program tonight, only 5 cents admission and guaranteed to be worth three times the price. Clear pictures, with a pure atmosphere, at the Majestic.

Two Big Features At Strand "In the Tolls of the Devil," a Milano three reel masterpiece, a picture famous all over the world and a successor to the famous "Dante's Inferno" will be at the Strand tonight.

church people, should see this wonderful picture. No sermon is greater.

Pleasure and misery, the reward of the good and the punishment of the evil doer are cleverly depicted.

"The Surrender," 101 Bison three reel drama, is a smashing fine heart-interest story of a girl's rescue from the coils of the white slavers. The most exciting scenes take place in the white slaver's den, where a young girl who tires of home and an honest man's love, breaks away from home ties and falls into the clutches of the white slavers.

MAKE THE ROADS BETTER

BY JESSE TAYLOR
Editor of "Better Roads and Streets"

The election is over. Now let us get down to business and fix the roads.

Hold a bad roads "experience meeting and organize a good roads club."

Instead of cursing the old earth road, just drag it.

A mile of improved road is worth thousands of columns of road speeches and resolutions. Build a mile.

The subject of roads is as old as the hills, but it is more interesting now than ever before.

The late Elbert Hubbard said, "Instead of hitching your wagon to a star, suppose you just get in touch with the good roads movement."

The application of a little "horse sense" to the repair and maintenance of roads and streets would be a mighty good investment just now.

Ten Ohio counties—Ashland, Fayette, Highland, Hocking, Muskingum, Trumbull, Washington, Montgomery, Richland and Coshocton—at the recent election, voted in favor of additional county road levies which means that those ten counties will spend about \$4,000,000.00 for roads in the next five years.

In the struggle against bad roads every line of business and every citizen should be interested.

Church entertainments, public lectures, and all other forms of amusement, and good people for neighbors count for naught if you are separated from them by a mile or two of impassable roads.

The poor short-sighted people who live along the mud roads are not to be much sympathized with, for all they have to do, under the existing law, is to get out with a road petition and start something.

The Joy of Expression

YOU may be musical yet no musician. You may feel the inspiration of music, revel in the lights and shadows of classic creations, enjoy the plaintive melodies of "Auld Lang Syne," and delight in the quaint folk-songs, and yet be unable to play a note. If you are such a one, the JESSE FRENCH & SONS PLAYER-PIANO comes as a benediction. Here is a medium through which you may give free flow to the music in your soul. Seated at a JESSE FRENCH & SONS PLAYER-PIANO you can enjoy to the fullest degree that musical communion with the great masters, that reminiscent hour with the old songs, or that rollicking rag-time music so much in vogue. And these you may interpret according to your individual taste and mood. This, because the JESSE FRENCH & SONS PLAYER-PIANO is so resourceful, so responsive, so full of music. We want you to place a JESSE FRENCH & SONS PLAYER-PIANO in your home—to enjoy its companionship, to realize the pleasure it brings to the home circle and the happiness it fosters in your own heart. We will gladly send our illustrated catalog telling you all about these wonderful Players and the famous JESSE FRENCH & SONS PIANOS, on receipt of a postcard, but we would prefer to show them to you in our warerooms. THE CHILDREN AND CURFEW.

Startled by more or less vague reports from the probate court of incorrigibility and degeneracy of children not yet well advanced in their teens, one good and alarmed woman would issue a call through the newspapers for the enforcement of the curfew law.

A curfew law and its enforcement may be well enough in their place, but there ought to be no place for them. Something has gone wrong in "our modern system of education", and we rather opine it is the growing tendency to shift the responsibility of child rearing from the parent to the teacher. Too many fathers and mothers are negligent, unmindful of their own serious duty to their progeny and only too ready to pass it over to their instructors. These, as a rule, are faithful enough in the obligation they assume to the public, but it is not in human nature that they can have the same solicitude regarding the moral training of the child that should attach to parentage, nor is it possible in the exacting cares of their position and the absence of intimate personal contact they could have the influence of a father or mother.

Possibly, conditions may have arisen, or are arising in organized society that would make the enforcement of a curfew ordinance beneficial, but genuine effort at reformation should go farther than that, it should go to the home, impressing there the bounden and solemn obligation of parentage, the right care and training that is the God-given heritage of the child.

A PRACTICAL JOKE.

According to the Intelligencer of Edwardsville, Illinois, which seems to have been delving into musty and almost forgotten times, the New England Blue Laws, with all their entailment of prescription, cruelty and horrors, to say nothing of their being the bugaboo of every alleged reform movement, originated in an exaggerated sense of humor, moving one Samuel A. Peters, who is described as an estimable parson, with abode in New Haven colony. May be the spirit of the Rev. Mr. Peters was more facetious than humorous, but at leastwise he miscalculated the serious and stern character of his contemporaries and what he esteemed a joke they took for a godly fact. So when he compiled his code that no mother should kiss her first born, or other children on the Sabbath day; housewives should not cook, sweep, or make beds thereon; nor should a man shave himself on the Lord's day, and should not wear his hair in heathen cut, but bob it off to short lengths, they promptly enacted the provisions into ordinances and enforced them with dire rigidity, even unto the point of vengeance.

Reformers of these days lack the sternness of the early and solemn Puritans of New England and lack their capacity at securing enforcement, but they are much alike in one respect, which is belief that a moral estate can be made by the law better than by proper and timely culture of the individual.

LAYING DOWN THE LAW.

The troubles of our good young Governor are growing too great for mortal man to bear. Here comes the great and growing and militant Republican organization of Scioto county and flatly tells the Governor that he has made a mutt of himself by his distribution of patronage in Scioto county and that the only way he can get a pleasant look from its satellites is to appoint ex-Sheriff John Eckhart as liquor license commissioner. They want that office for that person, no more or less, and what is the good young Governor going to do about it? They do say that the Governor wiggled when talked to in this straightforward manner and promised to see what could be done about it. Up to date there has not been any "doing" but the organization says it does not care what is done, it simply is giving the Governor a final chance to toss overboard the crowd that hitherto had charge of the Scioto county plum tree.

Bank clearings last week at principal cities were 67 per cent greater than a year ago. Railroad earnings during the third week in October were 17 per cent greater than the similar week a year ago. All of which shows an astonishing trade revival, says Henry Claws. Further he observes, in commenting upon the early opening of congress, that the "attacks upon capital which have continued for about 20 years, have about spent their force. Many of the old abuses have been practically eliminated and this form of political enterprise is rapidly going out of fashion."

The Gang advisory committee on patronage is burning the midnight oil these days in an effort to parcel out the offices for Mayor-elect Kaps. It is said that the hardest job is to decide just which one of the smaller offices shall be given to the McCormick faction in order to maintain a semblance of the pre-election agreement to recognize all factions in the distribution of offices.

It really begins to look as though trouble with a capital T is imminent for our old friend Francisco Villa. Under the shadow of defeat his forces have begun to melt away while his triumphant enemies are gradually closing in on the remnant of his forces from every direction. It will now be in order for Villa to become an advocate of peace at any price.

LOOKS LIKE HE'S A "GONER."

STATE INSTITUTIONS.

The complaint of Probate Judge Beatty to the state board of administration in regard to the refusal of the heads of various state institutions to admit patients because of lack of money or overcrowded conditions, calls attention to the fact that the idea of a central board of administration to look after the twenty benevolent and penal institutions of the state, has not worked out so ideally in practice as was predicted by the promoters of the plan. The state board has, according to its own figures, worked out a saving in the cost of managing and maintaining institutions. It has not come near equalling the old trustee system in looking after the welfare and comfort of the patients. It is not going around to see if patients are treated right, if all available room is being utilized, if conditions are such that relatives of inmates would be thoroughly satisfied if they should become familiar with all the ins and outs of institution life. That was the strength of the trustee system and failure to look after this most essential thing, is the weakness of the central board plan. And as between saving a few dollars and seeing that patients are treated as they should be treated, we believe the people of Ohio prefer the latter every time.

Possibly the legislature may waken up to the situation one of these days and provide a plan by which there will be a central purchasing board for the buying of supplies, only, while the general oversight of each institution will be returned to a small board of trustees. We believe this would bring about an ideal management of institutions, insure the admission of all entitled to be cared for and most essential of all, the proper care and treatment of all patients.

Booker T. Washington, who died Sunday was a great man, a wonderful man, all things considered. He did great things for the negro race in America, not only leading them in right paths, but also showing the white race the possibilities of advancement on the part of his own race. This last was possibly the best thing Washington did for his people. He showed that with the encouragement and under right conditions they could and would become good, substantial citizens, law abiding, and prosperous. It was this that earned Washington the confidence and support of the people of the South, as well as of the North, in his efforts for the improvement of his race. His death was a great loss to the country.

New Boston expects to complete the paving of several additional streets. That flourishing and progressive burg is proving herself a worthy neighbor of the Peerless. Only she ought to be a full partner in the greatness of the latter instead of a mere neighbor.

It is hardly to be thought better of their suicide because two Kentucky gentlemen chose Sunday for the deed.

WHY DIDN'T HE FIGHT?

Down at Dadeville, the other day, Frank Clopon, in a heated argument with the editor of a little paper at that place, characterized the literary luminary as a leatherhead. This enraged the molder of public thought and he caused the arrest of Clopon. The matter was taken before a justice of the peace, who fined Clopon \$1 and costs. Being without funds, Clopon was sent to jail.—Cass County, Mo., Leader.

Stanley avows he is going to make the best governor Kentucky ever had. Sure, he ought to take warning of that majority, which was neither as wide as a barn door, nor as deep as a well and yet is sufficient to build a good administration upon.

At the reopening of Warsaw University the president made a speech in Polish and the German governor general replied in German, neither understanding the language of the other. Gee, what a chance to hand each other hot shots and get away with it.

Col. Roosevelt has collected his thoughts and come out in a severe denunciation of the president's preparedness program. We forget now whether he says too much or too little preparedness is contemplated but we suppose this is immaterial to the colonel, as long as it's severe denunciation.—Ohio State Journal.

What's this! Orator Clink for director of public safety? It cannot be. It must not be. We protest. Young Doc shall not be 'sent September Mornin' again by the politicians if we can help it.

With orders being placed for war munitions deliverable in 1917, it is evident some one in the game isn't figuring on any peace proposals.

In this superb climate it looks like we just can't have any bad weather for longer than a day.

NEW-YORK-DAY-BY-DAY.
O.O. MCINTYRE.

New York, Nov. 16.—Elsie Janis, fresh from triumph abroad, is one of the most puffed persons on Manhattan island. The first play in which she appeared to bid for Broadway's approval was "Miss Information". It has closed—a flat failure. Those who saw it pronounced it lacking in quality and showing Miss Janis to a positive disadvantage. Miss Janis may in the future take some advice from her manager—we say she may but then the profession is so temperamental, you know. According to backstage gossip, Miss Janis was urged to take the star part in

"Stop, Look and Listen" in which Gaby Deslys is to star. It promises to be one of the most pleasing musical comedies in years.

At the beginning of the season, C. B. Dillingham fairly begged Miss Janis to accept "Stop, Look and Listen" instead of her present vehicle. Miss Janis believed in her own judgment and now she finds herself hunting a new play with a dreary round of rehearsals facing her.

James Montgomery Flagg wonders what has become of those pale, rich young bloods, with the squirrel teeth, who used to say with nonchalance that they would simply die unless they spent the winter on the Riviera?

A brand new cause for the High Cost of Living has been discovered. It is the Head Waiter, that bowing person who stands between you and a good seat while blandly looking you in the eye. Dr. B. M. Rastell, advisory expert of the Central Mercantile Association is the authority.

Dr. Rastell says living in New York would be as cheap as in Toledo, Dayton or Wilmington if it was not for the fact that every man wants to be a hero to the head waiter. Living up to the expectations of head waiters, he declares has bankrupted many a poor family.

People come to New York and get the daze habit. They want to go back home and hit the Sewing Circle in the eye, so to speak. Judging from the way head waiters own country homes, automobiles and the like there must be something to Dr. Rastell's theory.

Now that radium has dropped to \$36,000 a gram Frank M. O'Brien urges every one to see that their bin is full before the winter cold spell sets in.

This is the story of the cause leading up to the payment of a board bill by a vaudeville artist, who knocks 'em off their seats twice a day. The artist lives at a celebrated theatrical boarding house just off Eighth avenue in the Forties.

At dinner the other evening the artist looked up from his saffron-hued newspaper to remark that he had just read of a new cure for almost every disease. All one had to do was to take off the shoes and stockings and walk barefoot through the grass.

The landlady sniffed. "Do you really think," she said haughtily, "that walking barefooted through grass will make one strong and

healthy?"
"Well," snapped the artist, "it seems to have made this beef pretty tough."

Oscar Hammerstein and W. L. Morris are to start a new vaudeville circuit about January 1. It will be direct opposition to the United Booking Office which recently octopused Mr. Hammerstein, and it is backed by somebody who has nothing but money, but whose identity for obvious reasons, etc., etc.

As for Mr. Morris, he and the United Booking Office are hereditary enemies. Hammerstein was unwilling to reveal the source from which would come the talent for the new circuit, but the gossip along Broadway had it that he would get his acts from the Federal League.

Knocking

Do you knock because you like it or because you think you must?
Do you knock to some good purpose or to raise a bit of dust?
Do you knock to do a duty,
Or to break some weary heart?
Do you knock to spoil life's beauty
Or to play a courtier's part?

There is lots of knocking daily, lots of good and lots of bad; But the only knock worth knocking is the knock that makes men glad.

Is the knock that keeps things moving,
That makes better life for all;
Do you knock to keep men climbing
Or just knock to make them fall?

Some that knock the most need knocking, can it be you're one of these?
Do you only knock to lift men, and to help the world and please?
For it's often made much sweeter
By the knocking some men do;
Do you knock to give us trouble,
Or to help us keep more true?
—Huntington Herald Dispatch.

Reason Why Most People Can't Spell

Less Than Human
Tom, the country six-year-old presenting himself one day in even more than his usual state of dust and disorder, was asked by his mother if he would not like to be a little city boy, and always be nice and clean in white suits and stockings. Tom answered scornfully: "They're not children; they're pets."—Harper's Monthly.

"Tribute to Engine 876"
Little Obenchain is heavy on the boat oar while the whip-poor-will is bathing in the stack.
The blue-birds sweetly singing on the pop valve when little Bennie kinder skins her back.
The train crew all raise their umbrellas when the 876 begins to crack at the stack.
Little Obenchain gets heavy on the fire-hook because Bennie don't know how to cut her back.
Little Obenchain gets her loaded and the steam it begins to fall, Little Bennie be gets very nervous for he has a meet with the cannon-ball. As he heads up into the turkey-trail he prepares himself for to jump, his heart makes more noise than the engine for there's two locomotives and they're going to bump.

NEW YORK STOCKS

New York, Nov. 16.—Metal stocks and some of the high priced specialties were against the sustaining factors of today's professional market.

Metal shares, petroleum and mercantile marine preferred were the features of today's early trading, all substantial gains. Anaconda made a new record on its fractional advance to 90. Utah rose $\frac{3}{4}$ to 77 $\frac{1}{2}$, a new maximum and Guggenheim exploration on its first transaction of 5,500 shares at 76 to 76 $\frac{1}{2}$, showed a gain of 1 $\frac{1}{4}$ and the highest quotation in its history. Marine preferred led all others with its advance of $\frac{3}{4}$, to 69, later rising to 69 $\frac{1}{2}$. California petroleum, Mexican Petroleum and Texas company was higher by 1 to almost 2 points. War shares showed moderate gains, U. S. Steel was reactionary and rails were again backward.

Coppers continued to rule, being helped by another rise in the price of metal. Sales of Anaconda, Guggenheim, Utah and American Smelting in the first hour far exceeded all issues except steel. There were declines in specialties after the initial recovery, but these were partly offset by improvement in such rails as Union Pacific, Erie, first preferred and a few of the low priced issues of that division. Marine preferred extended its rise to 72 and Guggenheim rose to 79 $\frac{1}{2}$. Pressure was again exerted in the second hour but equipment issues including American Locomotive, were put forward.

Coppers continued to lead the list with higher prices for American Locomotive and United Fruit. The closing was strong.

CHICAGO GRAIN
AND PROVISIONS

Chicago, Nov. 16.—Requisitioning ships by the Italian government had a bearish effect today on wheat. Some selling by exporters whose contracts had been interfered with by the requisitioning, was the signal for pressure from other holders and from speculators. Firmness at Liverpool, smaller receipts northwest and the unsettled weather tended, however, to check the decline. Opening prices, which ranged from $\frac{1}{8}$ off to $\frac{3}{8}$ up with December at 106 to 106 $\frac{1}{2}$ and May at 107 $\frac{1}{2}$ to 107 $\frac{1}{2}$, were followed by a material setback all around.

Reactions ensued but the market again grew weak influenced by absence of export demand. The close was steady, but $\frac{1}{8}$ to $\frac{1}{4}$ at 13 $\frac{1}{2}$ cent net lower, with December at 104 $\frac{1}{2}$ and May at 106 $\frac{1}{2}$.

Corn weakened with wheat. Longs appeared to be disposed to take profits. After opening $\frac{1}{8}$ to $\frac{1}{4}$ down to a shade advance, the market underwent a general sag.

Short covering rallied prices in corn somewhat. The close was steady at $\frac{1}{8}$ to $\frac{1}{4}$ cent net decline.

Oats reflected the downward course of other grains. Buyers were scarce.

Larger receipts of hogs than expected operated as a weight on provisions. On the declines, though, packers bought.

FIGHTING IN

interference from the Greeks, but to disarm Serbians who crossed the border. The change is due, the correspondent says, to formidable objections raised by the French minister at Athens. However, it still remains for Greece to define her position clearly. Designation of a neutral zone has been suggested.

Paris, Nov. 16.—The Serbians have recaptured Kalkandelen, taking 520 prisoners and large quantities of munitions, according to the Athens correspondent of the Journal.

French Are Forced Back

Saloniki, Greece, November 15.—(Via London Nov. 16)—After heavy fighting with the reinforced Bulgarian troops in southern Serbia, the French were compelled to retire at two points in the vicinity of Gradise, twelve miles north of the Greek border. A Bulgarian attack along the Cerna river was repulsed, with heavy losses to the attackers. The battle of the Cerna was waged along the left bank of the river. Two or three Bulgarian divisions were engaged and a desperate attempt was made to pierce the French center. The engagement was in progress with furious intensity for 36 hours, after which the Bulgarians were beaten back along this entire front.

The situation in Macedonia is developing rapidly. Large reinforcements have been brought in by the Bulgarians, who are making renewed efforts to force Babuna Pass. The Serbians are still holding out there, but this movement threatens Priepje and Monastir.

field at Vienna.
The state department now has before it the Italian government's communication addressed to neutral nations denouncing the sinking of the Ancona as "an unparalleled atrocity," and officials have also seen the published statement of the Austro-Hungarian admiralty describing the attack.

The two statements differ. Italy's communication charges that "without even a blank shot of warning from the attacking sub-

marine", the Ancona was shelled and that the killing and wounding of passengers continued after the vessel stopped.

The admiralty statement, on the other hand, declares that the Ancona attempted to escape and only after repeated shelling was brought to a stop. It also claims that the passengers and crew were given 45 minutes to escape in small boats and denies the charge that the submarine fired on the boats.

Diplomatic exchanges between the American and Austrian governments probably will follow over the entire question of submarine warfare and the obligations of a submarine commander to see that neutrals are safe before destroying a prize.

GOVERNMENT

(Continued From Page One)
state an offense under the laws of the United States in that the munitions vessels on which bombs were to have been placed, according to the charge would have been blown up on the high seas.

Counsel for Robert Keimie, Max Breitung and Englebert Bronkhorst, the others under indictment, did not enter demurrers but stood on the plea of not guilty made at the first arraignment. Pay was taken before Attorney Knox again today, presumably to continue the statement he began yesterday.

A few minutes later, however, Pay was returned to the Tondis. It was then announced that Pay would not make a confession or further statement. When Pay agreed to make a statement for the government attorneys and pleaded guilty to the indictment the prisoner thought he would escape with a sentence of one or at most two years. Mr. Knox informed Pay, however, that a plea of guilty would carry with it a sentence of twelve years. Mr. Knox said that so far as the government is concerned it will not discuss the matter further with Pay.

Waiting On Markers

The concrete posts for the Scioto Trail mile posts arrived Monday, and will be placed in position by the Board of Trade as soon as the steel markers are received from the Good Roads Federation of Ohio. The posts were purchased by the county commissioners.

Coal Dealers Smiling.

Coal dealers report a rash of orders due to the cold spell of the past two days.

LUCASVILLE MAY BE INCORPORATED

C. J. Moulton, J. H. Brant and Walter Egbert of Lucasville are at the head of a movement to have the village of over 400 inhabitants incorporated.

Meetings have been held in the town hall the last two weeks at which a number of the property owners of the village have expressed themselves favoring incorporation.

The main things the village is after is an electric lighting system and a water works. Other improvements would also be made more quickly with the place incorporated.

A committee consisting of J. H. Brant, Jacob Davis and Walter

Egbert made a trip to Piketon last week to inspect the electric lighting system in use in that incorporated village.

They were very much impressed with the state of affairs in Piketon and found the lighting plant self sustaining. They made a report in favor of incorporation at a meeting held Monday evening in the town hall. Monday evening Thomas Hartman, Jacob Davis and Clyde Brant were named as a committee to fix an imaginary boundary line and they will report at a meeting to be held next Monday evening. The leaders in the incorporation movement say they have found very few opposed to the plan.

RAISE MONEY FOR SCHOOL SITE

Penny and nickel subscription funds have been inaugurated among the pupils of Holy Redeemer school towards paying for the lot recently purchased on Offene street as a site for a new parochial school. The children have taken to the plan with much enthusiasm.

SHERIFF INVESTIGATES

Sheriff Smith went to the C. & O. Northern railroad construction camps in and around Sciotoville this afternoon to make a personal investigation of the disorder that was reported to have occurred there Sunday. One stabbing affray and a shooting took place, both of which were reported in Monday's Times. None of the participants were seriously injured.

SOUTH PORTSMOUTH CHURCH NOTES

The young peoples union met at the home of Bradley Hinkle, Friday evening, Nov. 12. After a short business session the evening was spent in playing games. There were five new members and two visitors. Miss Mary Cooper will entertain the union next Friday evening.

The Ladies' Union will meet at Mrs. S. T. Reeder's home Tuesday, Nov. 16 for an all day's quilting. The hostess will serve dinner. All the members are urged to be present. Bible School begins promptly at 9:30 a. m. Don't forget we and four other schools are in a contest with the First Christian bible school. Come and help the allies beat the First church. You are earnestly invited to attend all services of the church.

BOMBARDMENT A DAILY ROUTINE WITH THIS CITY; CHURCHES AND CONVENTS DAMAGED BY BULLETS

Vienna, Nov. 15.—(Via London, Nov. 16)—The bombardment of Gorizia, which began October 18, has lasted ever since and continued with varying intensity. An official telegram from the front, describing it, says:

"On several days more than 100 projectiles of all calibers, but especially heavy shells, fell on the town. The bombardment usually begins early in the morning, reaching its climax between three and four o'clock in the afternoon and relaxing towards evening. The convent of Monte Sarno has been burned and its church destroyed. The vestry of the Gorizia cathedral has been demolished. The Franciscan convent of Castagnavizza, with the burial vault of Charles X. Henry V and other members of the Bourbon family has been hit by several shells, which have damaged the roof as well as the paintings in the church and convent.

"The convent of the Ursulines in the center of the town has been half demolished and the church of San Antonio damaged by aerial bombs.

"Both railway stations have been pierced by artillery projectiles.

"Churches in the suburbs of Padgora, Grafenberg, Pedina, Santa Andrea and Oslavia have been destroyed. The southern portion of

Gorizia has suffered more heavily than other parts of the town. The city frequently is bombarded by air-men.

New York, Nov. 16.—When the Democratic National committee meets at Washington December 1, the chairman, William McCombs, will lay before it a request that the committee receive Miss Sarah Bard Field and Miss Frances J. Little, who are bringing a petition from the Pacific coast asking for an amendment to the national constitution granting votes to women.

Father Unaware His Little Baby Was Killed By Car

It develops that James Martin, formerly of Fuller, Ky., is unaware of the fact that his little daughter was run over and killed by a street car in Cincinnati Saturday night.

The Cincinnati Times-Star regarding efforts to locate Martin had the following Tuesday morning: "Coroner Fortmeyer is as-

sisting members of a stricken family who are trying to locate James Martin, whose seven-year-old daughter, Margaret, was killed by an East End street car Saturday night, near the Martin home, 2030 Eastern avenue. The father left home Saturday afternoon to seek employment near Concord, Ky., and the family was unable to get in-

to communication with him. The child had been given a penny just before he left. The accident took place when the child was returning from a candy store, and ran across the street directly in front of the car. The motorist sounded his gong and applied the brakes when he saw the child leave the curb but could not stop the car in time."

TWO MEN HURT IN A DYNAMITE EXPLOSION

Two men, Russell Kern, aged 19 of Greenup and William Hoseny, aged 25 of Cincinnati were badly injured Tuesday morning while at work on a new county road being constructed four miles back of Greenup.

Dynamite is being used, and when a fuse failed to go off on time it is claimed that Kern and Hoseny started towards the stick of dynamite and when within a few feet of it the dynamite let go. The men were knocked down and were literally covered with rocks and dirt when fellow workmen found them. Dr. H. T. Morris of Greenup was called. He found both of Kern's eyes in bad shape, the left one being so badly injured that he may lose the use of it. Both were filled with dirt, but according to Dr. Morris, the eyeballs were not seriously damaged. Hoseny's eyes were also filled with dirt and he suffered bruises and cuts about the head and face as a result of the shower of missiles that enveloped him. Hoseny's coat, it is claimed, was literally blown from his back. It was first reported that both men had been killed outright.

JUDGE OSBORN NAMED

Judge George M. Osborn received notice Tuesday of his appointment as an associate counsel of the B. & O. S. W. railroad here. Attorney George O. Newman, who served the company under its various names for over fifty years, will, because of his removal to Columbus, no longer actively look after the work here but because of his long and faithful service be retained as a sort of "emeritus counsel."

Preaching Mission To Be Nation Wide

The Nation Wide Preaching Mission.

In accordance with a resolution of the last general convention the first Sunday in Advent, Nov. 28th, will witness the commencement of a mission in practicality every parish of the church in America. The mission services at All Saints' church in this city will be the Rev'd. E. F. Chauncey, the

well known rector of Trinity church, Columbus, O.

Mr. Chauncey is one of the most eloquent preachers in this part of the country and Portsmouth is to be congratulated on having the opportunity of hearing him. The mission services at All Saints' will continue for eight days after the opening services on November 28th.

There will be a special service of intercession at All Saints' church tomorrow, Wednesday evening, at half past seven, and at eight o'clock the rector will preside over a meeting of the congregation at which plans for the successful conduct of the mission will be discussed and various committees appointed. All members of the church are urged to attend.

Had Happy Reunion

John Jackson, the Turley building barber, a few days ago had a happy meeting with a cousin, Jay Hill, of Columbus, whom he had not seen for over thirty years.

Jackson, although he made frequent trips to Columbus during the time he was employed as a messenger for the late Judge A. C. Thompson, never knew that Hill lived in the Capital City. Recently a woman friend visited Hill and family and Jackson's name was mentioned. Hill wondered if it was the same and sent a request to Jackson to write to him and tell all about himself and family connections. Then came an invitation to visit him at his beautiful home in Columbus. The reunion followed. It developed that they were the cousins who had lost all trace of each other since their childhood days back near Grafton, W. Va. Jackson's mother died when he was but six weeks old and Hill's mother reared him. Mr. Hill is a retired farmer and well to do. He struck oil on some lots he had purchased at Seio, Ohio, some years ago, and amassed quite a fortune. All of his grown children were given college educations.

SUE THE C. & O.

Maysville, Ky., Nov. 16.—Suit is on file here against the Chesapeake & Ohio Railroad for \$25,000 for the killing of Gertrude Pyatt, 14. The girl was walking on the track, carrying a child in her arms, which she threw to the side, it is said, when she lost her own life.

Sent To Workhouse

James Holloway, of Pond Creek, arrested Monday by Sheriff Smith on a warrant charging him with failure to provide, was adjudged guilty by Judge Beatty this morning and given a sentence of six months in the Cincinnati workhouse.

An Ideal Remedy for Nursing Mothers

Compound of Simple Laxative Herbs Safe for Baby and Mother

Constipation is a condition that affects the old, young and middle-aged, and most people at one time or another need help in regulating the action of the bowels. Harsh cathartics and purgatives should not be employed to relieve constipation, as their effect is only temporary while they shock the system unnecessarily.

A remedy that can be used with perfect safety for the tiniest babe and that is equally effective for the strongest constitution is found in the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores everywhere for fifty cents a bottle. This is an ideal household remedy and should be in every family medicine chest.

Mrs. F. I. Barsolow, 18 Leslie St., Holyoke, Mass., wrote to Dr. Caldwell, "Syrup Pepsin certainly is fine. I gave it to my baby,

EVELYN BARSLOW

Evelyn, and also took it myself. It is the only medicine I have been able to take without affecting baby in the nursing. I have used it for all four children and it is fine; they like it and ask for it."

A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 354 Washington St., Monticello, Ill.

NEW BOSTON

Wilbur Emmert, son of Mrs. Phil Emmert of Gallia St., writes that he is holding down a splendid job in the Hooking Valley railroad shops at Columbus. Young Emmert is a brother of Dr. Carl Emmert of Columbus.

Mr. and Mrs. T. Gum of Richmond, O., are guests of their daughter and son-in-law, Dr. and Mrs. W. G. Cheney of Gallia street.

An increase in business has forced Druggist Ernest Coburn to install a large iron safe double the size of his small safe which he is going to sell.

Clarence Maple of Stanton avenue is ill.

Miss Elizabeth Taylor, daughter of Mr. and Mrs. Frank Taylor of East Rhodes avenue who is agent for a baking powder firm, is now in Buckhannon, W. Va.

Charles Burcham, O. E. Burcham and Will Brisker spent Tuesday hunting rabbits near Wakefield.

Roy Carter, former cement worker with Carter Bros., has a splendid job with the Westinghouse Electric Company at Pittsburgh, according to word received by his parents, Mr. and Mrs. Asa Carter of Stewartsville.

John Emmert of Gallia street, motored to Columbus, Monday evening. He visited his brother, Dr. Carl Emmert.

The foreigner arrested Sunday night on complaint of his wife, was released with a lecture on Monday evening. The man's wife refused to prefer charges against him and he was released with a warning that the present arrest would not be forgotten if he makes another appearance in the police court.

John Carver, who recently disposed of his restaurant and property on Gallia street to Harry Copeland, vacated the place Monday afternoon. Mr. Carver and family will visit in Cincinnati for ten days. Joe Smith will open a restaurant in the Copeland property in a few days. Mr. Smith is now conducting a restaurant in the Emmert building.

Flag poles have been put on the Oak street and Stanton avenue school buildings. The J. O. U. A. M. have received the flags that are to be given to the two schools when dedicated. As soon as seats are placed in the auditorium in the new Stanton avenue building a dedication program will be arranged.

Deputy Ike Wells is still working in the place of Marshal Will L. Davis, who has been confined to his home since last Saturday with a slight attack of pneumonia.

Harry Edwards, who held a very successful revival at the Christian church last week, is continuing the revival this week. A large congregation was present Monday evening. The choir under the leadership of J. Bedford Edwards renders a splendid song service before each meeting.

The J. O. U. A. M. held their weekly session Monday evening with a large number present. Two applications were favorably balanced upon.

NEW BOSTON COUNCIL

An ordinance was passed at the regular meeting of New Boston council Monday evening for the renumbering of all houses in the village. A petition signed by the Whitaker-Manufacturing company and Peoples Paving Brick company was presented asking for the vacation of a part of Ohio avenue and the opening of West avenue.

to \$631.52 was allowed. Solicitor S. Anselm Skelton introduced Attorney Arnold Selapiro to council, Selapiro being a candidate for the job of solicitor as Mr. Skelton resigns the first of the year.

Solicitor Skelton reported that a resolution ordering the construction of sidewalks on both sides of Cedar street could not be brought in until the engineer and council specify the exact distance that is to be between the curb and sidewalk and property line.

Clerk Thomas O'Neal was instructed to notify the city service director to meet with the sewer committee of council Wednesday afternoon at one o'clock at Peoples crossing when they will go over an outfit for the city sewer.

Members of council says that the file sewer on the city's eastern corporation line was first used as a storm sewer and is now being used as a storm and sanitary sewer with its only outlet on the Peoples field, part of New Boston territory. The sewer carries water from Gallia and Walnut streets. An outlet will have to be fixed or discontinued the use of the sewer.

Clerk Thomas O'Neal read a report of the village funds showing that the funds contained the following unexpended balances: General, \$1743.44; safety, \$784.71; service, \$156.24; health, \$225.95; water works, \$3728.43; sewer, \$1853.51; fire equipment, \$1313.86; street improvement, \$8,710.07; Harrisonville avenue, \$1,988.01.

Solicitor Skelton reported he had conferred with city council members in regard to the rebuilding of the reservoir and damage that might result to village property. City officials assured Skelton that nothing would be done with the reservoir until after the first of the year.

An ordinance was passed prescribing a new system of numbering houses in the village. Streets running north and south will have even numbers on the east side and odd numbers on the west side. All east and west streets will have even numbers on the south side and odd numbers on the north side. The numbers will continue from where the city left off in East Portsmouth.

From West avenue, Rhodes and Stanton avenues and Gallia and Grace streets begin with 3701. West, Ohio, Vine, Center, Park,

THE NEWEST REMEDY FOR

BACKACHE, RHEUMATISM AND DROPSY

Kidney, Bladder and Uric Acid. This is a good time to take "Anuric," the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and Insurance Companies examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination—this is done by expert chemists of the Medical Staff of the Invalids' Hotel. If you wish to know your condition send a sample of your water to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his Staff of Consulting Physicians will inform you truthfully.

EAST END CLUB IS ASSURED SUCCESS

The plan of the East End mer-chants for a Business Men's club is meeting with the unanimous approval of the live-wire merchants of that section, and the project is now assured of success. It has been decided to start the club off with a banquet, and the tentative date has been set for Monday night, November 29.

If it can be arranged the Ladies' Aid society of Manly church will serve the banquet, and a "Get-Together" social for the entire East End will precede the "Business Men's Banquet."

O. H. Smittle, one of the promoters of the project in an hour's

work this morning secured the following members for the new club:

O. H. Smittle, J. C. Kyle, C. W. Skaggs, G. W. Bullock, L. F. Leno, J. W. Flood, The Haus Store, O. Shoemaker, Smith & Dunn, John Voelker, H. H. Anderson, Brand & Lawson, Cryell & Son, Mat Sparis, John O. Arthur, Bushaw Ph'ey, J. W. Jordan and H. Wedebrook.

Within a short time it is thought every business man in the East End will be enrolled in the club, which will boost everything that will help advance the interests of that section.

Curling Hair This Way Preserves Its Beauty

That dull, dead appearance of the hair no longer troubles the woman who has adopted the silencing method of keeping her tresses to curl. The result is very different from that produced by the drying, devastating waving iron. The hair appears more naturally wavy and curly, and the application is really beneficial to the life and growth of the hair. Any druggist can of course supply the liquid silencer and one need not get more than a few ounces. A small quantity should be put on before retiring, using for the purpose a clean tooth brush, drawing this down the full length of the hair from root to tip. The effect upon arising is delightfully surprising and there is no discoloration, no richness, greasiness, nor any other unpleasant accompaniment. The hair is quite manageable no matter how it is done up.

Contractors Were Given More Time

The Ironton Irontonian Tuesday morning said:

"The county commissioners were in session Monday. The situation of the new roads and the degree of their completion was thoroughly discussed.

"Action toward extending the

contractors' time until January 1 was favorably taken. The Hanging Rock road is giving them a great deal of trouble and they are fearful that soon there will be no road at that place owing to the work of the Ohio Valley Trac-tion Co."

OHIO WOMAN HAD BAD STOMACH

Mrs. Perkins Finds Swift Relief After First Dose of Wonderful Remedy

Mrs. W. B. Perkins, of Point Place, R. R. No. 7, Toledo, suffered for a long time from stomach troubles. She felt bad most of the time and she could hardly ever find anything to eat that would agree with her.

She took Mayr's Wonderful Remedy and was surprised at the sudden restoration that followed. She wrote:

"I have been taking your remedy and it has done me so much good and I am so much better that I am eating most any and everything that I used to years ago before I knew what stomach trouble was. I am thankful that I heard of your wonderful medicine."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Failed To Provide

Joseph Darragh, a former resident of this city, who recently returned to take a position with his brother-in-law, J. B. Frostick, of the Independent Tax company, was arrested Monday evening by Sheriff Smith on a charge of failure to provide. The charge was filed by his wife, who lives with her parents in this city. Darragh is in the county jail, awaiting a hearing before Judge Beatty.

In the absence of Judge Thomas, Probate Judge Beatty accepted the recognizance of \$200 given by Darragh for his release Tuesday morning.

Puts Another Face on It

Many a man jauntily takes his cup or two of coffee at a meal and declares that coffee doesn't hurt him!

But wait until the poisonous drug, caffeine, in the coffee begins to show its cumulative effects, and puts a different face on the proposition.

It's a fact anyone can verify, that caffeine hardens the arteries, brings on premature old age, and sallows and wrinkles the skin. Some of the signs are headache, irritability, biliousness, heart flutter, sleeplessness, dizziness, "fag," and so on.

The way out is to quit coffee, and for a pleasant, healthful beverage use

ries herself and me continually by her foolish jealousy. I still love my wife but I get pretty disgusted when she keeps nagging about the stenographer in my office, and every other woman I chance to meet. It is flattering, of course, to have some woman think you are so irresistible that every other woman will fall in love with you. What can I do to give my wife confidence in me and cure her of nagging because of jealousy? She is absolutely the only woman I love or am interested in and I give her no occasion to feel that things are otherwise.

INTERESTED.
Dear Miss Wise—Please tell me if there is a home in Ohio for soldier's widows.
A READER.
As far as I know there is no such home in the state. However a soldier's widow is entitled to \$12 per month pension for herself and \$4 for each minor child under 16 years of age. This would enable you to pay board in some private family if you haven't any home of your own.

DEAR MISS WISE.—Please give me a remedy for brittle finger nails. Mine breaks off before they get very long. DELIA.

The best remedy for brittle nails is oil, and plenty of it. Soak the fingers from five to ten minutes every night in warmed olive or almond oil. The same oil may be used over again, and it should be warm, not hot. Where the surface of the nail shows ridges, place grease about the edges as close as possible. Many use cold cream about the nails, but vaseline is much better. After you have soaked the finger tips in the heated almond oil, take an orange stick and proceed to fill the cuticle about the base of the nails with vaseline. The superfluous grease may be removed with a piece of cambric or absorbent cotton. Treat the nails in this manner every night, and you will soon notice an improvement in their condition.

DEAR MISS WISE.—Quite a few girls have asked you lately about going on the stage and you did not give them much encouragement. But maybe I will have better luck. I would like to join some musical comedy and sing in the chorus. Of course I could not sing solo parts but I could make a big noise in the chorus. I'm a pretty good looking and feel sure I'd make quite a hit before the footlights. Mother doesn't want me to go, so I expect she'd have a fit if I land a job of that sort. Advise quick. KEEN KID.

Going on the stage is a very uncertain undertaking. In the first place it is very hard to live on the money you make to start and in the second you may have a job one day and the next be stranded away off from home. This has happened to nearly every girl who ever sang in a chorus, so many times that it is an old story.

SOCIETY

The Misses Augusta and Helen Haldeman will entertain with a luncheon Thursday, at one o'clock, complimentary to Miss Elizabeth Watkins, whose marriage to Mr. C. O. Dodson will take place "next month."

Miss Mary Varner is expected home next week from Hackensack, N. J., and will be accompanied by her grand-mother, Mrs. Mary Damarin, who has been spending several months at the home of her son-in-law and daughter, Mr. and Mrs. William Gregg, where Miss Varner is also a guest.

Mrs. G. T. Elliott will entertain the C. I. Club this evening at her home on Lincoln Hill. The guests will be Mrs. B. W. Hopkins, Mrs. J. E. Riley and daughter, Florence, Miss Anna Cramer, Mrs. Alice Edwards Thomas, the Misses Edith and Gertrude Elliott. This little club is composed of a congenial party of women who spent several weeks together at Crichton's Inn two years ago. The meetings are not held regularly, only when one of the members cares to entertain the club. Needlework and music will be included in the pleasures.

Miss Mae Widdig, of Lucasville, and Mr. Edward Widdig, of this city, spent the week-end with their uncle, Mr. William Koch, of Beaver.

The St. Mary Magdalene Guild of All Saints' church will meet Wednesday afternoon, at 3:30 o'clock, at the home of Miss Anna Marie Caphart.

Wednesday afternoon's meeting of the Industrial Dames will be held at the home of Mrs. S. J. Johnson, on Third street, instead of at Mr. T. C. Beatty's home.

Miss Anna Goodman, who makes her home with her brother, Mr. George Goodman, is confined to her bed with illness.

Miss Nellie Koch, of Lucasville, who has been visiting her aunt, Mrs. Lewis Adams, on Second street, has gone to her home.

The girl who goes on the stage has to be able to resist temptations of all sorts. Only one out of every 50 ever rise to the top; the rest, when they are too old for the chorus or some minor part, are put in the discard. If I were you I should take my mother's advice and remain in the Peerless City.

DEAR MISS DOLLY.—How can cranberries be served with turkey besides just cooking them plain? A YOUNG COOK.

The cranberry frappe would be delicious to serve in small glasses with your turkey course in place of the regular jelly. It is very simple and easy to make. Pick over and wash one quart of cranberries. Cook with one quart of water, boil ten minutes, add two cups of sugar; boil three minutes. Mash through a wire strainer, and set aside to cool. Put in freezer and do not freeze too hard.

Mrs. Guy Thompson, while on an errand at the Joseph G. Reed store, fell down a flight of stairs, sprained an ankle and was badly bruised up, keeping her in bed for a few days. She is able to be up today.

Mr. and Mrs. Shamus O'Brien McFadden (Anna Louise Fee), of Corvallis, Oregon, have named their baby daughter, Anna Louise, for the mother. The name of the grandmother, Mrs. W. R. Fee, is also Anna.

Quickest, Surest Cough Remedy is Home-Made

Easily Prepared in a Few Minutes. Cheap but Unequaled.

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 2 1/2 ounces Pinex, 2 (50 cents) bottles of any drug store, pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually the cough will subside, the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, harsh rattle in the chest and lessens the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Coughs, colds, influenza, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 50 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualic acid, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, colds and throat colds.

Get the genuine. Ask your druggist or 2 1/2 ounces Pinex and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, with this preparation. The Pinex Co., Ft. Wayne, Ind.

For the Experienced Cook

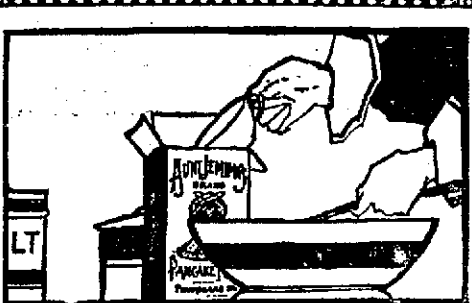

THE best cooks appreciate Crisco most.

For purity, for digestibility, for economy and for convenience in keeping and handling, they find it unsurpassed.

They find that it gives as good results as the best creamery butter, yet costs no more than ordinarily good lard.

That is the reason why the Crisco can is a familiar sight in the kitchens of good cooks everywhere.

15c per can

The milk is already mixed in it

With other pancake flour, you have to buy the milk and add it yourself, to get really good results. When you use Aunt Jemima's Pancake Flour, you save this extra expense.

Pure, sweet milk is already mixed in it. Much more delicious, too.

Have your grocer send you a package, and see for yourself.

TRAPPED VICTIM STICKS HEAD OUT OF FLUE HOLE AND CALLS FOR HELP

To wake up from his sleep and find water rushing into his bed, the houseboat he was occupying fast sinking and with all avenues of escape cut off and then to be rescued by men chopping a hole in the roof with axes was the thrilling experience of John Jackson, aged 60 years, colored, at the Cottonwoods, Tuesday morning about 5:30.

A log that came down the river in the drift run that accompanied the sudden and sharp rise of the Ohio in thought to have rammed the houseboat, knocking in an end. The boat quickly listed. Jackson finding himself hemmed in did the only thing open to him, sticking his head out of the stove flue hole and screaming for help at the top of his voice.

Jim Rose, Clarence Smith and two other men who were working in the willows near the mouth of the Scioto river were attracted by the cries and grabbing up axes put out in a skiff, rowing rapidly towards the sinking craft. There was not a moment to lose

and the men as they swung alongside the boat got into immediate action with the axes, pulling Jackson out through the opening they made in the nick of time. He was more dead than alive from fright and shock. He was taken to a shantyboat above the mouth of the Scioto river and given temporary shelter there.

Jackson was only partly dressed, having just time enough to slip on his trousers. He lost most of his clothes and belongings excepting a watch which he had in his trouser pocket.

The houseboat which was 65 ft. long and 12 ft. wide was the property of Elmer Jackson, who with his family are at present visiting in Huntington, W. Va. He engaged the colored man to occupy the boat during the family's absence and the aged fellow put in his time shucking corn in the nearby bottom lands.

The negro is a native of Virginia, a bachelor and homeless. He came to Portsmouth from Terre Haute, Ind., eight weeks ago.

Local Agent Back From Big Meeting

P. F. Lutz, local salesman for the National Cash Register company, has returned from Dayton, where he attended a conference of the many salesmen employed by this big firm. "The prospects for prosperity was the all-absorbing subject discussed at the meeting," said Mr. Lutz, Tuesday. "The first day, following a speech by John H. Patterson, president of the company, in which he predicted a rapid improvement of business conditions, a poll was taken of all our agents. Questions were asked regarding the condition of agriculture, mining, industry,

commerce, and finance in their territories. Over 99 per cent of the men were of the opinion that trade conditions have vastly improved in the last six months. Inasmuch as these men come in almost daily contact with the merchants in every city in the country, their observations mean something."

On the last night of the convention, a prosperity parade, with 5000 employees of the National Cash Register company in line was held. The line was two miles long. The marchers carried torches, flags, and banners, bearing slogans, such as "Prepare For the Boom," Mr. Lutz said today.

D. D. D. In Hospitals; Standard Skin Remedy

How many hospital patients have been cured of their frightful skin diseases by the famous D. D. D. Prescription for eczema, a soothing fluid, washed in by a nurse's hand.

A SUFFERING NURSE (name of nurse and institute on application) writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

Doctors, too, use D. D. D. in private practice. DR. G. F. T. REICHERTSON frankly writes: "D. D. D. is superior to anything I have ever found. So!"

Judge Beatty Makes Strong Plea For The Helpless Ones

The Times has secured from Probate Judge T. C. Beatty a copy of the letter which he recently sent to the Board of Administration at Columbus, relative to the over-crowded conditions at state institutions, mention of which was made in press dispatches from Columbus Monday. The letter is printed below in full:

To the Hon. State Board of Administration, Columbus, Ohio: Gentlemen: I am writing to you concerning a condition of affairs that exists in this county, and from reliable information at hand, is confronting every Probate Judge in the State of Ohio today. The matter referred to is the difficulty I am having in securing the admission of patients to the epileptic hospital at Gallipolis, Ohio, and feeble minded children to the Feeble Minded hospital at Columbus, Ohio. And I wish to say to you right here and now that something must be done and at once to remedy this deplorable condition of affairs of this great state of Ohio, with all of its boasted progress, wealth and power will become a by-word, yea, more, a disgrace in the Sisterhood of States of this nation. For months I have been trying to secure the admission of feeble minded children from this county to the Feeble Minded Institution at Columbus, Ohio, children whose only proper place is in this home and who cannot in any possible way be properly cared for elsewhere. I have begged and pleaded with Dr. Emrick, superintendent of the home, to receive them and his answer to me is that he cannot possibly do so for the reason that he has not proper funds to maintain them. He tells me that they have plenty of room at the institution but that the legislature has not provided the necessary funds to carry on the work. I have presented the statements of Dr. Emrick to the Representative from Scioto county, Hon. William R. Sprague, and he says Dr. Emrick is mistaken and that the last session of the General Assembly was extremely liberal in its appropriations for all the State Institutions and that your Board has ample funds with which to erect proper buildings and equip and conduct them for the benefit of all the afflicted wards of the state.

Today I have before me a girl a young woman thirty-one years of age, an epileptic of the worst possible type. The physicians say she is an imbecile, epileptic and insane. She is violent and cannot be controlled. I have committed her to the Epileptic hospital at Gallipolis, Ohio, but Dr. Kiecon, the superintendent, absolutely refuses to receive her for the reason that he cannot possibly find room for her. The institution is so crowded he says that there is room for no more. I am not blaming the doctor for he is right. Scioto County is entitled to nine inmates and we have twenty-two there. Dr. Kiecon is a splendid man at the institution and is doing a good work but his hands are tied. Now, gentlemen, what must I do with this patient? We cannot possibly keep her here in custody. I am forced to turn adrift, a poor helpless woman without any mind, insane and an imbecile from childhood. Shall the gates of mercy be closed against this unfortunate child when every instinct of the heart and soul commands us to provide a haven for her? What of our boasted advancement and progressive civilization if these things must be? We are bonding all our energies to secure appropriations for splendid highways. We are looking forward to and dreaming of beautiful and commodious public buildings. We take great pride in the improvements and wonderful progress in our cities for the betterment of mankind, all of which is laudable and highly to be commended. But let me say to you that the welfare of these poor, helpless, feeble minded, epileptic insane men, women and little children is of far greater importance than all the great advancements we are making along other lines. Understand, gentlemen, I am not censuring your board. I do not believe nor assert that the heads of any of these conditions complained of, but I do know and you know that there is great fault somewhere and that a positive and speedy remedy should be sought by the proper persons in authority to the end that the helpless afflicted ones shall have the care and protection due them from this, the greatest and most honored state in all this land of ours. I appeal to you in the greatest sincerity, won't you, can you, do something to start a movement looking to the protection of these unfortunate, suffering, homeless wards of this state.

Very sincerely yours,
THOMAS C. BEATTY,
Probate Judge, Scioto County, Ohio.

Upon his arrival home from his work in the Whittaker-Glessner plant at 5:30 o'clock Monday night, Clifford Weeks, of Fourteenth street, complained of pains in his right side. A physician was summoned and Weeks, it was learned, had developed appendicitis. An hour later he was successfully operated on, his condition being pronounced very satisfactory by the operating physicians.

Labor Council Plans For Active Winter

Central Labor Council had a large attendance and one of the very best meetings for several months at the regular semi-monthly session held at their quarters in Carr's building Monday evening.

The meeting was not only large and interesting, but harmonious, a veritable love-feast and general "get together" for the winter work. They are going to do things now.

Several very important matters were acted upon. The full impact of which will be shown later on and a splendid letter from Samuel Gompers, president of the A. F. of L. was one of the features of the meeting.

Has Clue To Shooting

Frank Baker, of Darlytown, was a caller at police headquarters early Tuesday morning conferring with Chief B. E. Allen regarding the shooting of his brother, Okey Baker Saturday night. He said he had learned of threats a couple of young men had made against his brother a few days before the shooting occurred. The chief advised him to file charges against them and prosecute them and this he declared that he would probably do.

CHILD SUFFERED WITH SKIN TROUBLE

On Head for Two Years. Itching and Burning. Kept From School at Times. Scratched and Irritated. Used Cuticura. Entirely Well.

1018 McKee St., Fort Wayne, Ind.—"My child, six years of age, suffered for about two years with an itching and burning on her head right behind the ear. It was just very small when first noticed and kept spreading until it got way up above her ear. I had to keep her from school at times it got so sore. It caused her pain for it itched and burned so badly that she scratched and irritated it all the time. It spread and spread until it was a good bit bigger than a silver dollar. It made her ear stick to her head and I could not pull it away without her crying. I got a sample of Cuticura Soap and Ointment, washed the sore place with the Soap and applied the Ointment and I began to see the relief it gave her. So I bought a cake of Cuticura Soap and a box of Ointment and she is entirely well." (Signed) Mrs. Mary Tegmeyer, June 3, 1914.

The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 507 Union Central Bldg., Cincinnati, Ohio.
